Order information

Adjustment by motor:

Please pay attention that with using the adjustment by motor with battery pack the battery has to be charged completely every 4 to 6 weeks, also if the function wasn't used regularly..

Rotary limitation:

The armchairs with stream supply by net cable are defeated by a rotary limitation to maximum 355° what serves for the protection of the net cable.

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

Contrasting thread:

This model is available in leather and some fabric colours with contrasting colour thread on request at no extra charge. You will find the specified colours on the cover sheet of the individual leather qualities in our fabric/leather trolley. Please always state the contrast thread number, otherwise it will be delivered tone in tone.

All of the dimensions given are approximate dimensions in cm. We reserve the right to make changes. Dimensions are given as follows: width/depth/height/seat height.

The swivel legs protrude. The dimensions are given excluding this protrusion.

Seat depth: approx. **53 cm**

Seat depth with function: approx. **99 cm**

Total depth with function: ca. **158 cm**

Seat width front: approx. **51 cm**

Armpart height: ca. **61 cm**

Armpart width: approx. **12 cm**

Crease formation:

Fabric and leather stretch to a lesser or larger extent under the influence of body weight, which can lead to the formation of creases in the cover. This visual change does not affect use, function and life span and it is not a defect.

The swivel legs have a total lateral projection. The dimensions are given including this overhang.
